

I was recently hospitalized at MSSNCH as result of emergency surgery.

From Triage to Discharge I experienced the most professional, compassionate, attentive care I have ever known.

Every individual and team of medical staff honored their responsibilities to the letter.

I thank them profusely.

I would like to emphasize special thanks to a few standouts:

Arlene in Recovery

The Staff on F1: Momo, Jackie, Angela

My sincere thanks to everyone,

Robert Beranato

P.S. If it's possible to recommend my experience for consideration to Beyond The Badge Program, I would.
