Disabilities

March 7, 2022

Mr. David Weiss
Board of Appeals
Town of Hempstead
One Washington Street
Hempstead, NY 11550

Dear Mr. Weiss,

For over 5 years, the property located at 2020 Wantagh Ave. has been an underutilized and vacant property. Recently the Mount Sinai / South Nassau Hospital has proposed to renovate and convert the property, opening a new state-of-the-art, multi-specialty healthcare center, bringing expert clinical care to the local community. As an added benefit, it will also provide an economic boost to the Wantagh area bringing good paying healthcare jobs and supporting other local merchants.

It is without hesitation that I support the Mount Sinai / South Nassau Hospital efforts to breathe life back into an existing but vacant property and transform healthcare services for the residents living on the South Shore of Nassau County.

Sincerely yours,

A handwritten signature in cursive script that reads "John E. Brooks".

NYS Senator John E. Brooks
