

ROBERT J. HOCHSTIM
SCHOOL OF RADIOGRAPHY AT
MOUNT SINAI SOUTH NASSAU

MISSION OF THE SCHOOL OF RADIOGRAPHY

The mission of the Robert J. Hochstim School of Radiography is to provide the students with an education to become competent entry level radiographers that will provide the highest quality of professionalism, academic, technical, and clinical competence with an awareness and acceptance of societal differences in delivering healthcare services to our patients and community.

GOALS AND STUDENT LEARNING OUTCOMES

GOAL 1: Students will demonstrate clinical competence.

Student Learning Outcomes:

- Students will select appropriate technical factors for imaging studies.
- Students will apply appropriate positioning skills.
- Students will practice and apply appropriate radiation protection.

GOAL 2: Students will exhibit professionalism.

Student Learning Outcomes:

- Students will utilize professional judgment.
- Students will understand the significance of being punctual and in adhering to proper attendance policies.

GOAL 3: Students will develop effective communication skills.

Student Learning Outcomes:

- Students will demonstrate effective verbal communication skills with patients and with peers.
- Students will demonstrate effective written communication skills.

GOAL 4: Students will be able to critically think effectively, and problem solve in the performance of their duties.

Student Learning Outcomes:

- Students will demonstrate an organized approach to non routine studies.
- Students will constructively evaluate radiographic images.
